EARLY MORNING NEWS.

Nathan Corwith, for many years one of the most widely-known citizens of Chicago, died last night of a Tections of the heart and liver. Mr. Corwith, who had accumulated about \$1,500,000 worth of property, was persuaded in July last by his son Guerdon, who is a motal broker in New York, to effect a corner in the lead market. In a few months the money was all zone.

The chairmong Tradesman is in receipt of letters from producers and brokers who control five-sixths of the contine pig-iron production of the central South relative to the cut in price of iron by the Thomas Iron Company and the outlook. All agree in stating that the cut will have no effect whatever on

the cut will have no effect whatever on the Southern furnaces, and the opinion among all is that an early improvement in the market is anticipated.

The Bath Times says Rev. John McFadden of Georgetown was one of the first champions of temperance in Maine. Sixty years ago he raised a barn without treating his helpers to liquor. This innovation made a great stir, and the opposition was only quieted by enjoying the excellent dinner prepared by Mr. McFadden's wife.

The seal of Behring Sea have undoubtedly the best coats of fur of any in the world. Those of the North Atlantic Ocean are inferior in quality and cannot compare with Alaska skins. The seal, after spending the spring in the Alcutian Islands, swim to the Tribylov Islands and there breed. Their killing is restricted at these places until the young ones can look out for themselves, the cows are spared when possible and only bull seals are shot or clubbed. Poachers do not regard these laws, but nevertheless seal have multiplied under the protection that has been afforded them.

Some of the New York brewers who have not succumbed to the power of British gold, think they will soon have the foreign speculators in such a tight grip that they will wish they never invaded American soil. The plans of the visitors are just being found out. They include a vist scheme to capitalize the purchased American breweries at many times their value and flow 5, per cent times their value and float 5 per ceni-bords to the inflated amount. Shrewd to wers say that the plans of the En-glishmen will result in disaster. Are Superior to Any in the Market.

1. Because they are made from the highest types of European grapes transplanted to the most fruitful valley in California.

2. Because of the many varieties-each is from the best known grape for that particular wine—and consequently they are uniform in character from year to year; a very important fact with druggists and consumers.

3. Because they are made in the most careful manner and by the most approved methods. 4. Because they are full strength, pure juice wines, produced from the

grape by natural processes only. They are entire-no water, no artificial coloring matter, no sugar, no crude alcohol. 5. Because they are never offered to the public until they are mature and fit

6. Because from the best vineyard in California, producing 500,000 gallons yearly. Only the oldest and finest wines come to this market, and every bottle

sold carries on its label the name of the vineyard.

money on any wine which proves unsatisfactory.

valuable to icopardize.

7. Because we have ample vaults in this city, twenty feet under ground, USE CERLING, W here the wines are stored until bottled for use, experience having proven that the care and handling of wines is as important as the making.

8. Because we have no irresponsible agents, and hold ourselves responsible for the quality and perfect condition of every bottle sold.

9. Because we can ship our wine to any State east of the Mississippi river, in lots of four or more cases, with safety to the purchaser and for less money

han a like wine can be purchased elsewhere. 10. Because we are here on a permanent basis, and will refund purchase

11. Because we carry a large stock and can duplicate orders to any extent. 12. Because Mr. H. W. Crabb, the owner of the To-Kalon vineyard, after an exhaustive study of uropean vineyards and all the intricate processes of wine making, has given twenty years of his life to the great industry of American wine production, and now deservedly stands at the head with a reputation too

13. Because the average American wines are from inferior grapes-often arelessly made, often doctored to create an artificial flavor, and put on the market too young, after an enforced clarification.

14. Because nine-tenths of the so-c illed imported mines are spurious, or ex-

ended with water and poor alcohol, flavored and colored to "suit the market." DRUGGISTS SHOULD BUY FROM US.

15. Because adulteration and falsification of wines and brandles is the rule and not the exception; while see guarantee our goods to be entirely free from any foreign substances and invite the closest analysts.

The public generally should buy To-Kalon Wines, as we have put large capital into the business, have an immense stock always on hand, and are here to do a legitimate business for a legitimate profit.
